## Barriers

light bulbs

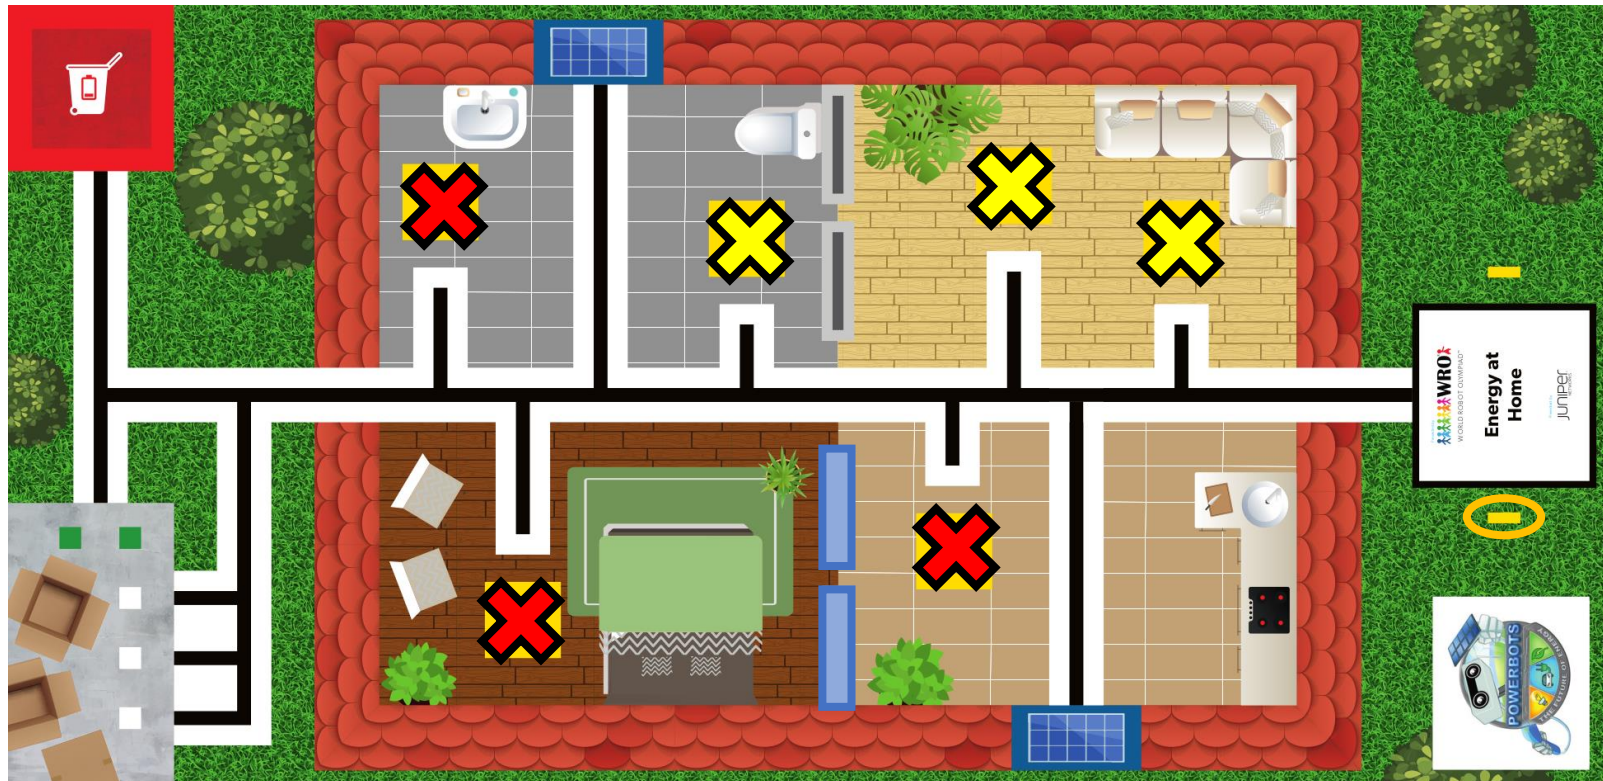

# Elementary - Randomization 4

# Elementary - Randomization 5

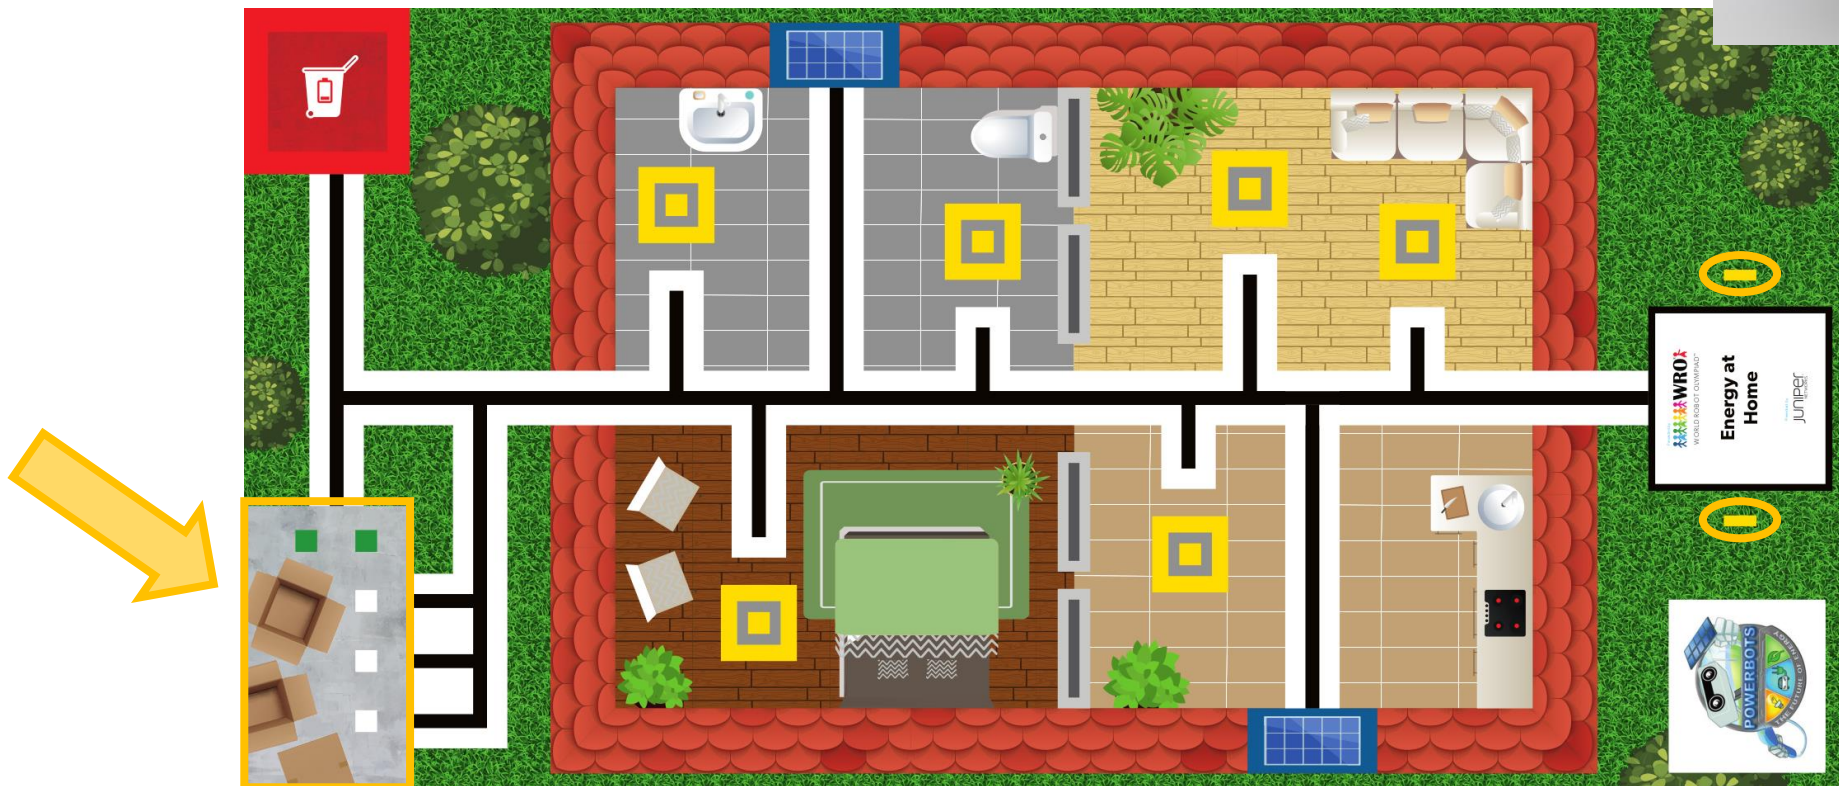

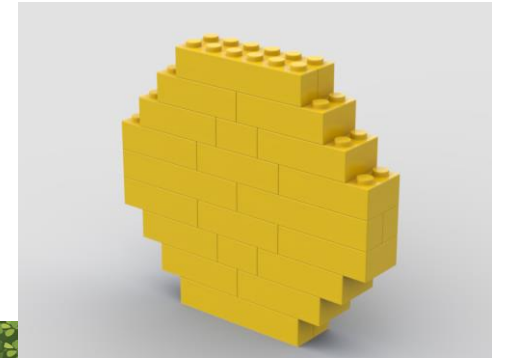

# Elementary - Surprise Rule

Bring **the sun** into the equipment area.

=> **10 points** (the sun only touches the equipment area)

The sun does not have to be in an upright position. The sun is still the indicator for the target position of the solar panel.

International Online Final 2021  
Randomization & Surprise rule - Junior

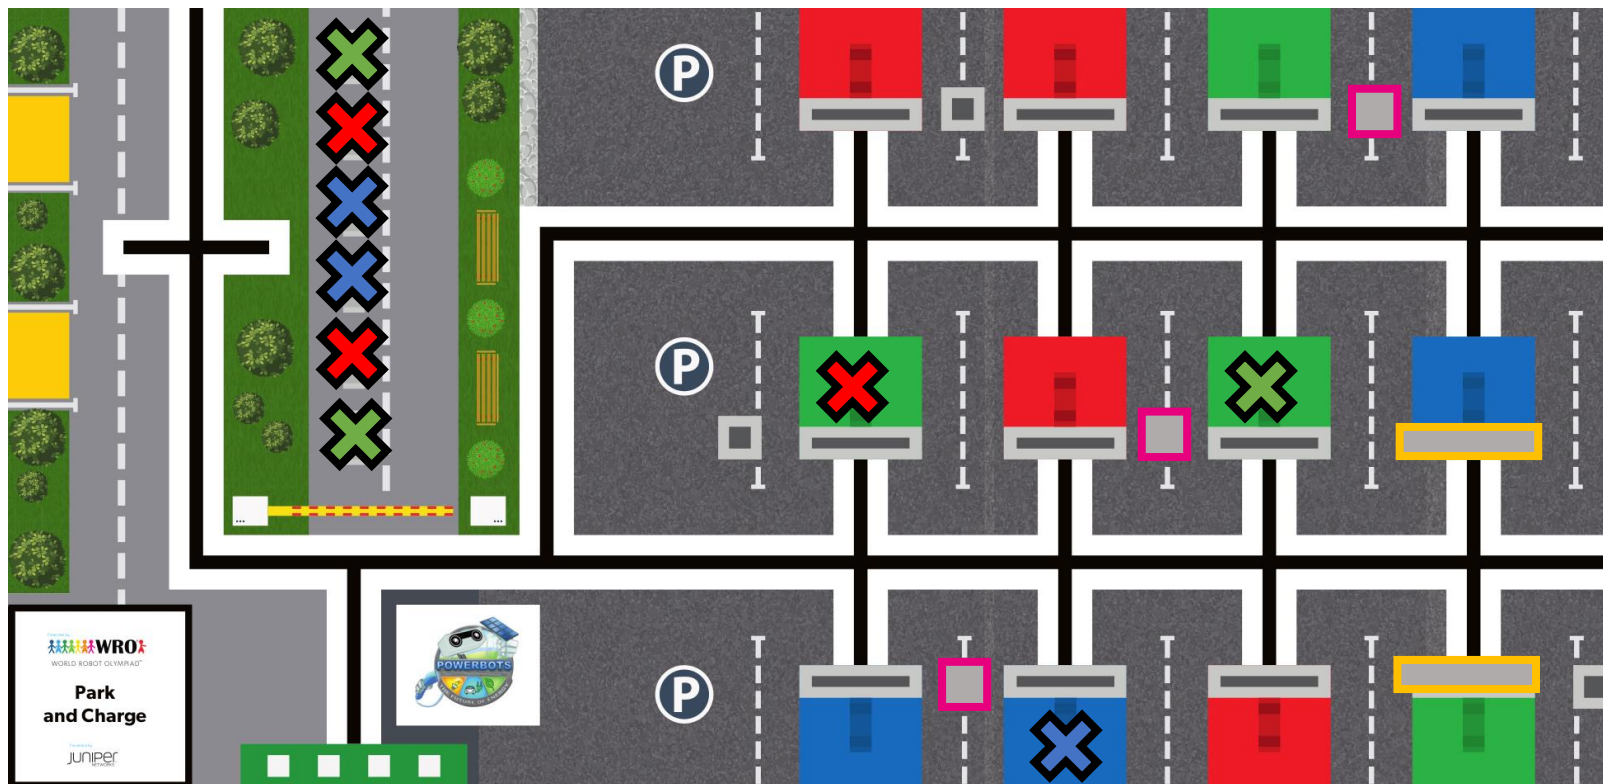

# Junior - Randomization 1

■ Pillars      ■ Barriers      × × × Cars

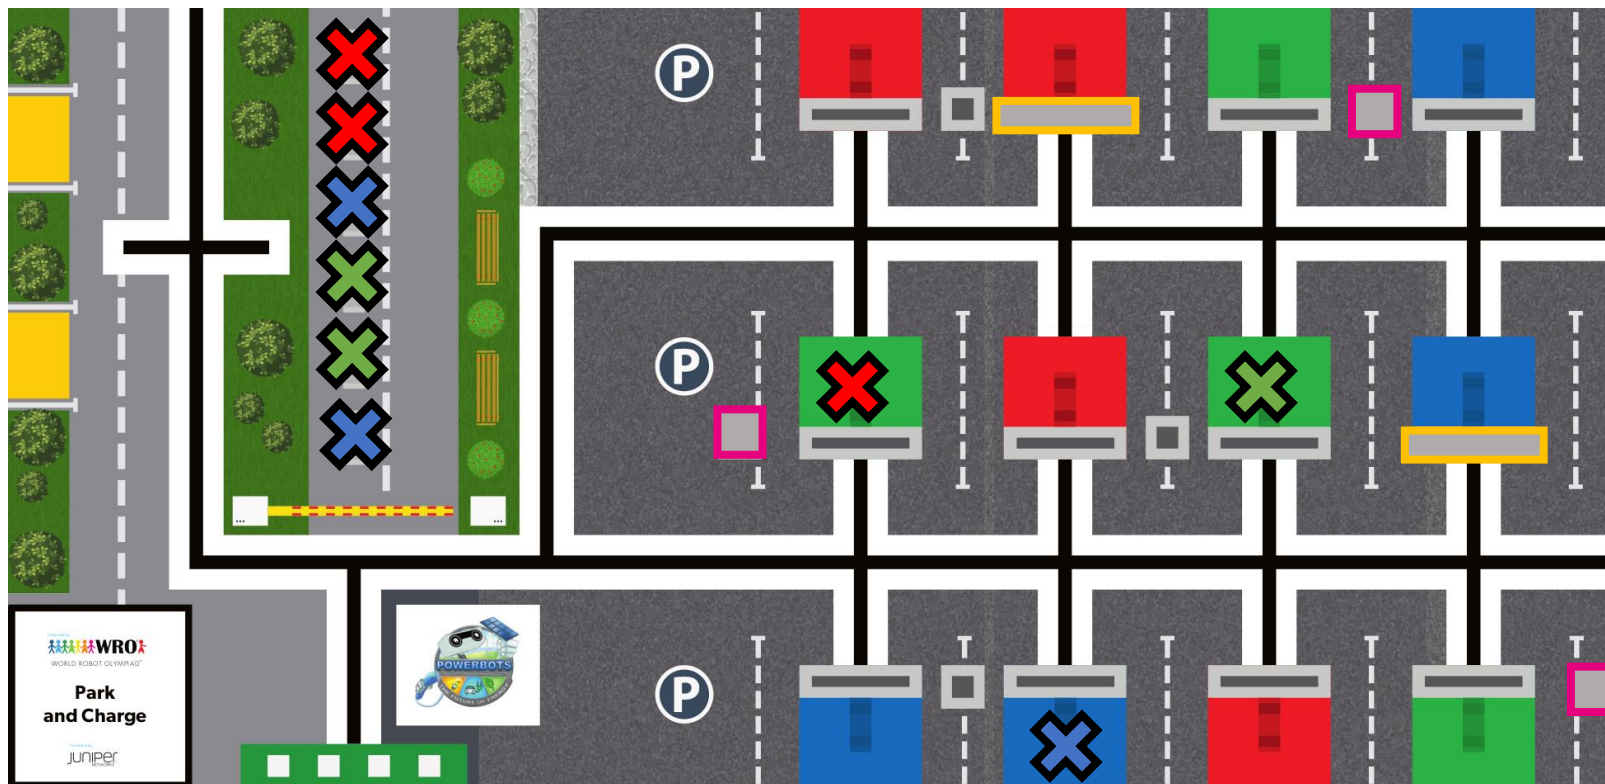

# Junior - Randomization 2

■ Pillars      ■ Barriers      X X X Cars

# Junior - Randomization 3

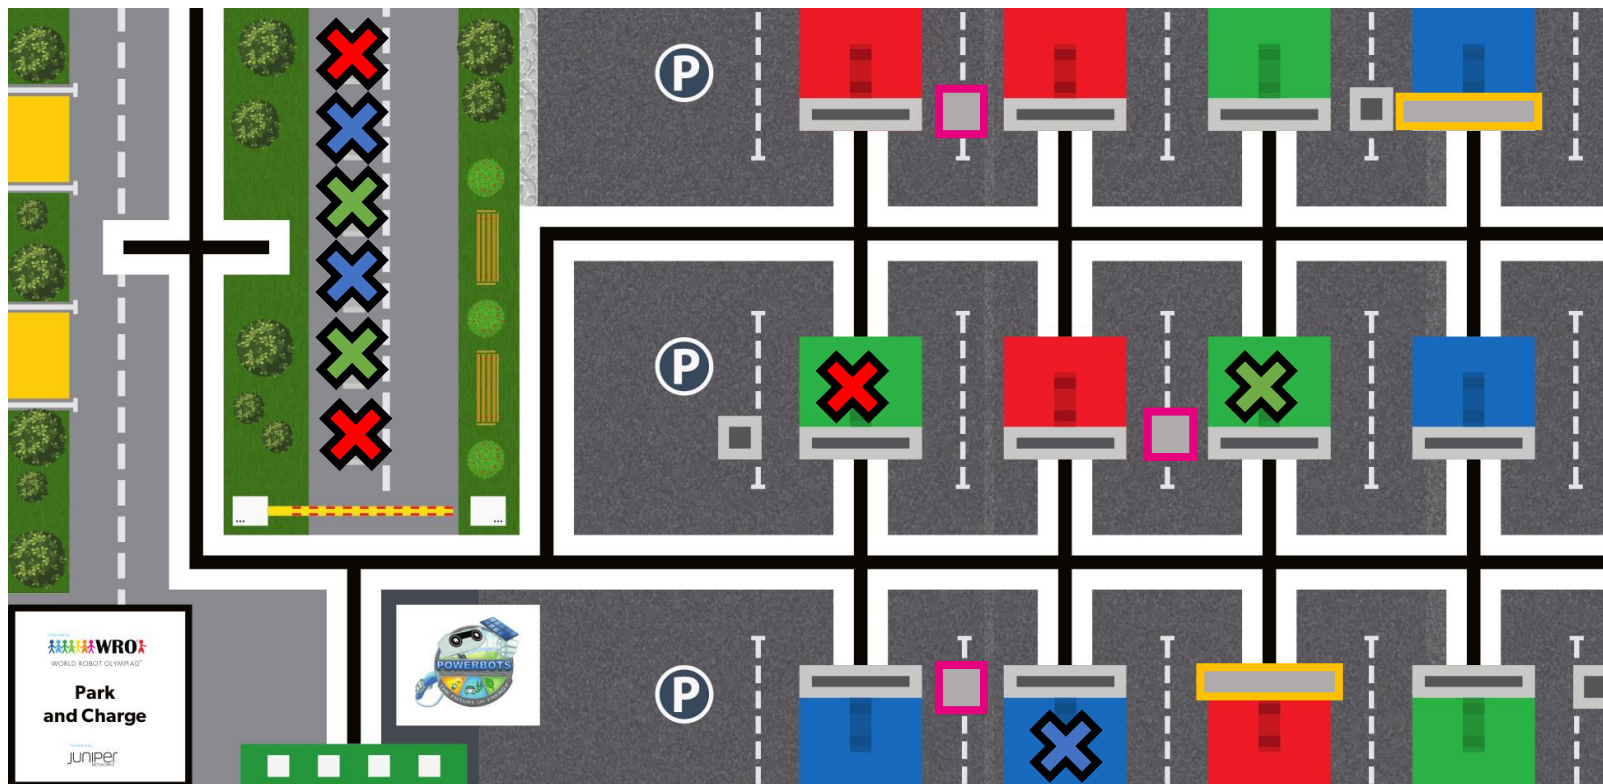

■ Pillars      ■ Barriers      × × × Cars

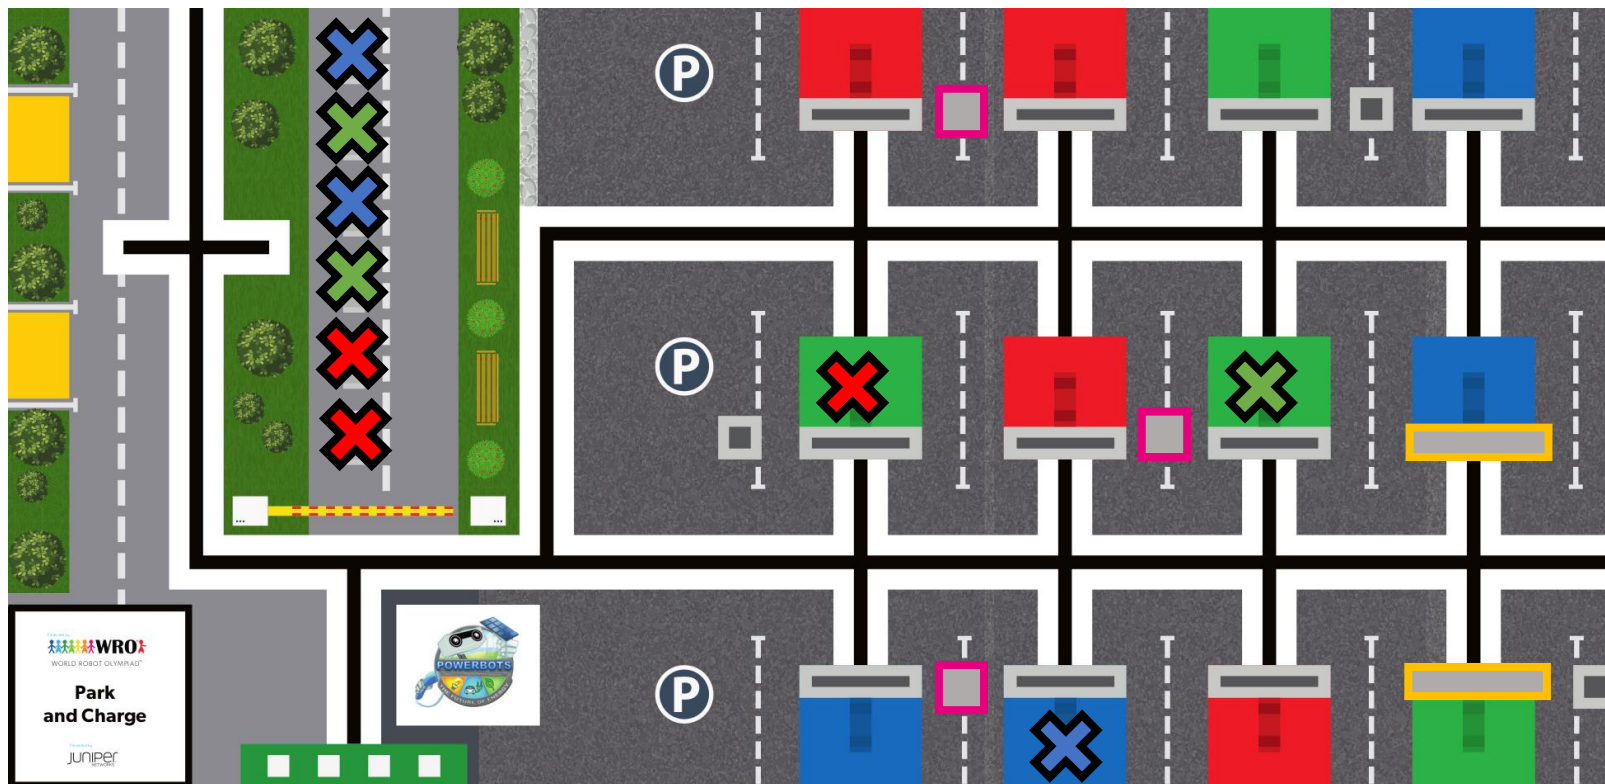

# Junior - Randomization 4

■ Pillars      ▬ Barriers      × × × Cars

# Junior - Randomization 5

■ Pillars      ■ Barriers      X X X Cars

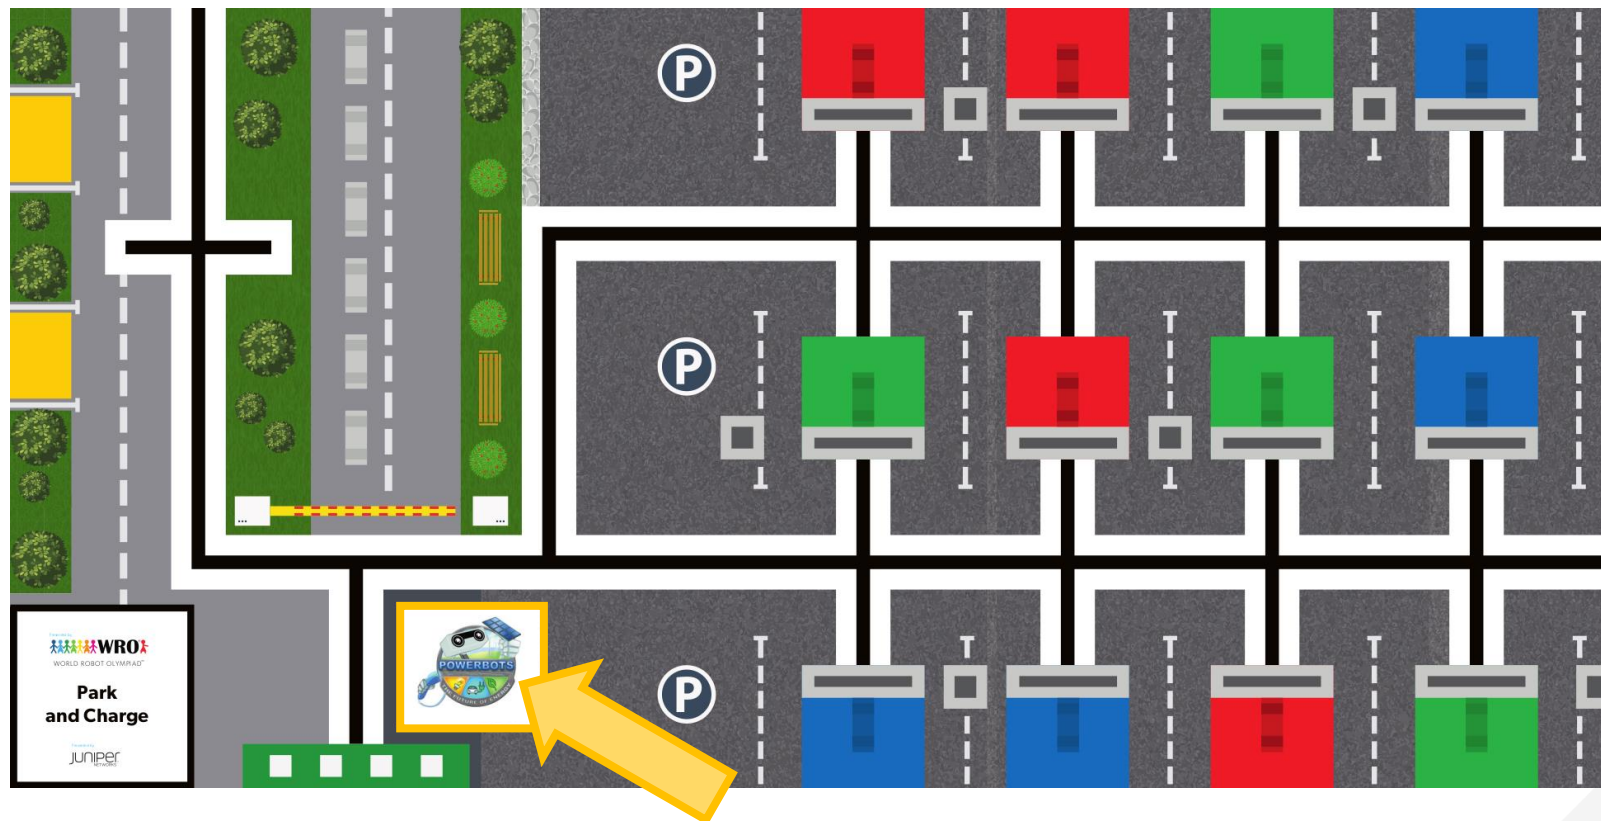

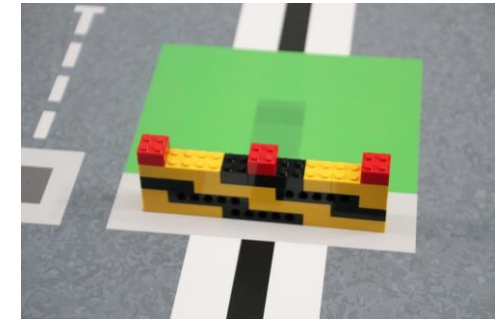

# Junior - Surprise Rule

Bring **ONE** of the barriers into the area with the season logo.

=> **20 points** (the barrier only touches the target area)

The barrier does not have to be in an upright position. The parking bay, that had been blocked by the barrier, cannot be used, even if you remove the barrier.

## Additional hint:

You will lose 5 bonus points for moving the barrier, but gain 20 points for the surprise rule. This results in 15 additional points in total.

# Senior - Randomization 5

■ ■ ■ Energy identifiers    ✕ ✕ ✕ Energy units

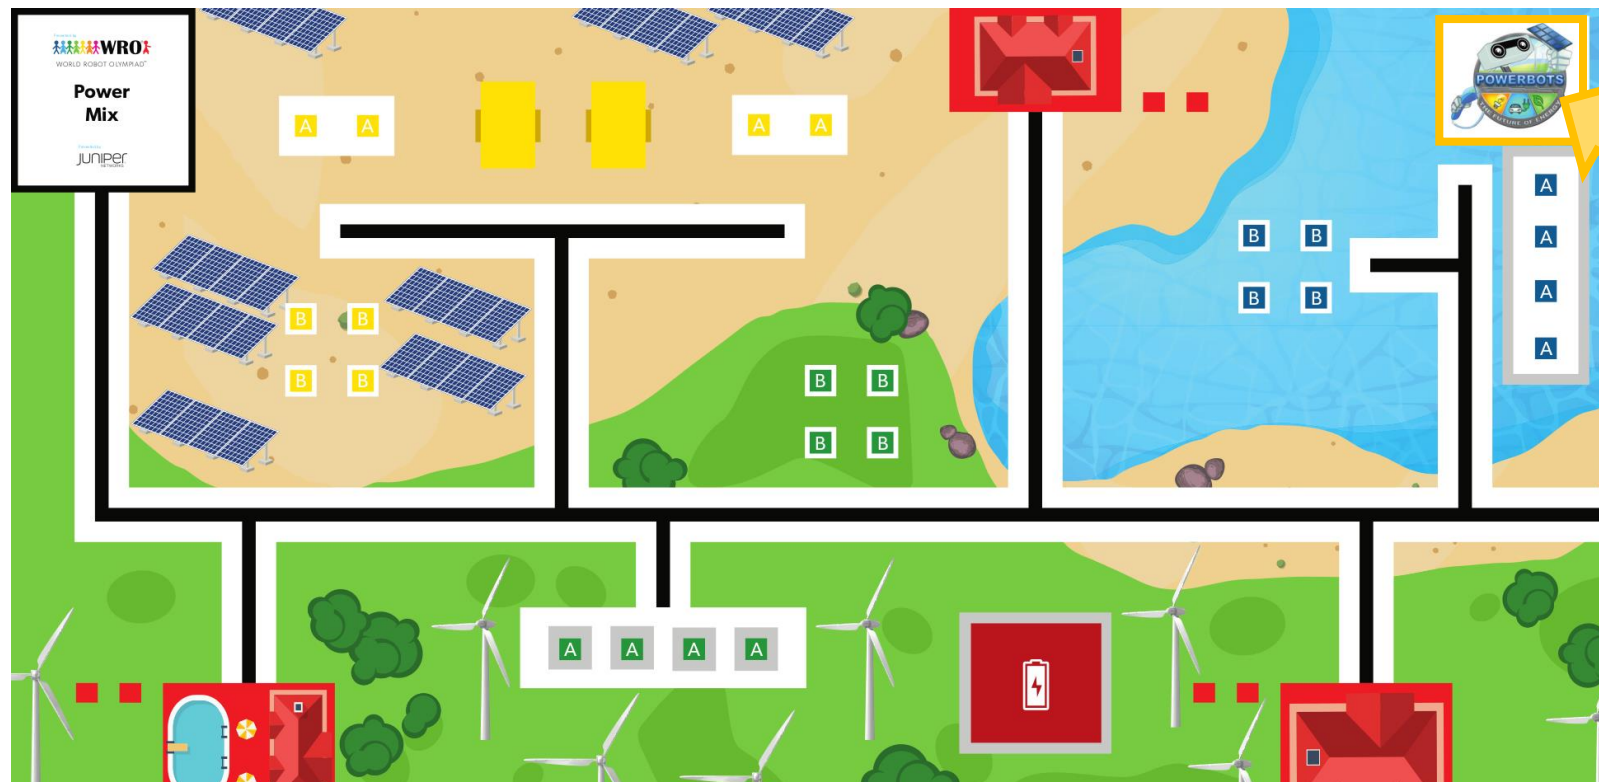

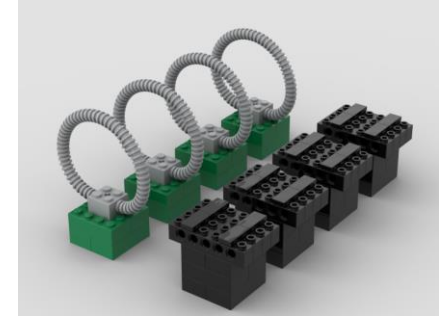

# Senior - Surprise Rule

Bring ONE of the **black** wind turbines into the area with the season logo.

=> **25 points** (the wind turbine only touches the target area)

The turbine does not have to be in an upright position. The wind turbine is the black base (without the energy unit).

## Additional hint:

You will lose 3 bonus points for moving the wind turbine, but gain 25 points for the surprise rule. This results in 22 additional points in total.
